Qu'est-ce qu'un Bakugan ? C'est un jouet pour enfants de 6 ans et plus qui comporte un mécanisme aimanté pour que le jouet se dévoile sous sa véritable forme.

Dans le dessin animé, «Bakugan» est un jeu de stratégie dont les Bakugans sont des monstres d'une autre dimension arrivés sur terre sous forme de sphère pour contenir leur puissance et dont les humains s'en servent pour livrer des batailles dantesques.
